Investment Solutions

We offer access to a range of investment solutions through our specialist fund management company – Omnis Investments Limited, which provides active portfolio management. A core feature of these solutions is to offer a choice of risk-rated portfolios and funds which means you can be comfortable that your investments will always be managed in line with your own attitude to investment risk.

Omnis Agility

This aims to offer you a range of global investment opportunities – handpicked by The Omnis Investment Team and using building blocks from some of the world’s most experienced investment managers. We’ll invest the core of your portfolio in Omnis funds, where we have selected some of the leading investment managers to manage these funds. Alongside the Omnis funds, we will also invest in Exchange Traded Funds also known as ETFs. In simple terms, an ETF is a variety of investments that tracks a particular market.

The Omnis Managed Portfolio Service (OMPS)

OMPS is an actively managed portfolio investing in Omnis funds which are themselves managed by some of the world’s leading investment managers. The Omnis Investment Team actively manages your investments and will increase or decrease the allocations to the different funds depending on the market environment.
